

# RGT-1606

## Product Description

### Enameled wire strip and twist tester

Input power	ac220v±10% 50hz
Outside dimension	500*380*500mm(L*W*H)
Weight	40kg

#### Product description:

Enameled wire mechanical properties testing machine for the detection of  $\leq \phi 5.0\text{mm}$  enameled wire paint film adhesion. Jacuzzi set the twist number of times, led a special attachment automatically display results: $\gt \phi 3.0 \sim \phi 5.0$  test enamel sample code (can be customized orders).

#### To meet the standard:

Full comply with standard of GB/T4074.3 and IEC60851-3 relevant provision.

#### Applicable industry:

It is the ideal test instrument for the magnet wire manufactures ,research ,prodcut quality supervision,inspection industries and sectors.

#### Technical parameter:

Model	
Twist speed	100±10r/min
Test length	500±0.5mm
